Procedure for Risk Management & Surveillance Department.

The objective of this process notes is to explain the Surveillance Process and systems used for Risk management Surveillance by Surveillance Department. The key points are following:

Dealer ID Creation

➤ Department gets the details of new User ID from the Customer Relationship Department. Details are approved only by Marketing Head or Director. The details are uploaded using ENIT to NSE, BOLT to BSE or using FTP to MCX Stock Exchange . Once NSE/ BSE / MSEI approves the User ID, ID is created and details of retail clients (obtained from Back Office) are mapped with the User ID using **Admin**. It is communicated to Customer that new User ID has been created.

Retail ID Creation

Retail User id creation form is being collected from the client who desires to have the IBT platform. The user id is created only after the approval of the marketing head or director. Once the user id is created the user log-on and password is communicated to client. On the first login client has to change the password.

Surveillance

- NSE / BSE Cash/F&O trading / MSEI Trading/MCX/NCDEX is done through NEAT/ BOLT/TWS and NEAT Plus terminal. NEAT / BOLT /TWS is mapped with CTCL servers and Admin that is provided to set margin limits for retail clients.
- For CTCL server, there is Admin users that can monitor all the retail clients connected with that particular NEAT / BOLT / TWS server.
- NEAT / BOLT / TWS access is restricted to only at HEAD OFFICE.
- Margin Limits are set through **Admin users** and surveillance department can check rejected orders in Admin.
- Margin limits are changed only on phone calls / confirmation from designated people of Accounts department / RMS head .
- Market surveillance for orders placed on NEAT/ BOLT/TWS is done using Admins/Risk Server.
- Additional surveillance for orders placed in F&O segment / Currency / Commodities Derivatives Segment is done by Risk Server. Risk Server gives the margin utilized by the client and Mark to Market loss at the current market price of the underlying scrip in which the client or dealer has the positions.

General Points

- Employees follow rules and responsibilities as communicated verbally/ in writing by Department Manager.
- All User Ids are password protected.
- Manuals for Risk Server are not available readily. These surveillance systems are used to monitor positions but orders that exceed the limits will be rejected.
- Specific instruction is to be obtained from the client for fulfilment of obligation (Funds and securities) for the trades executed in other than Normal / Rolling settlement.
- We come to know about bulk orders i.e. securities that exceed 0.5% of market cap of a stock, through Back Office report.
 - Derivatives that exceed 95% of market wide position limit can be rejected only through odin administrator
 - Every week or as and when required, limits of dealers /Ids are updated based on margins of retail clients handled by the respective dealers.

- Margin Limit is set as zero by default for Retail Clients and dealers.
- Margin is collected from clients even if they want to sell securities.

Passwords for NEAT /TWS, Odin Admin Chief, are available with all members of Surveillance team.

SURVEILLANCE POLICY

The Stock Exchanges have put in place a mechanism that will generate automated alerts for Stock Brokers & Trading Members whenever suspicious transactions are detected in their clients' accounts.

The alerts will be generated in case of unusual changes in the trading pattern of the clients, sudden trading in dormant accounts as also in suspected cases of circular trading, 'pump-and-dump', 'front running' and 'wash-sale' activities, etc.

In view of the above, the Company endeavors to frame this policy for surveillance of these alerts and the manner of disposal of the same.

The said surveillance and disposal of the alerts shall be done on the following grounds:

1. Receipt of Alerts from Exchanges / generated at member's end.
2. The time frame for disposition of alerts and if there is any delay in disposition, the reason for the same shall be documented.
3. Suspicious / Manipulative activity identification and reporting process.
4. Record Maintenance. In this regard, in order to facilitate effective surveillance mechanisms at the Broker level, the Exchanges have derived following transactional alerts that would be downloaded to the trading members. This will facilitate the Company to effectively monitor the trading activity of its client

CLIENT'S INFORMATION

- The Company is required to carry out the Due Diligence of its client(s) on a continuous basis.
- The Company shall ensure that key KYC parameters are updated on a continuous basis as prescribed by
- SEBI and the latest information of the client is updated in the UCC database of the Exchange.
- Based on KYC and updated information the Company shall establish groups/ association amongst clients to identify multiple accounts / common account/ group of clients.
- The monitoring of the aforementioned alerts and disposal procedure shall be done within 45 days of the alert generation

ANALYSIS

In order to analyze the trading activity of the Client(s) / Group of Client(s) or scrips identified based on the above alerts, Company will:

1. Seek explanation from such identified Client(s) / Group of Client(s) for entering into such transactions.
2. Seek documentary evidence such as bank statement / Demat transaction statement or any other documents to satisfy itself:

In case of funds, Bank statements of the Client(s) / Group of Client(s) from which funds pay-in have been met, to be sought. In the case of securities, Demat account statements of the Client(s)/Group of Client(s) from which securities pay-in has been met, be sought

The period for such statements may be at least +/- 15 days from the date of transactions to verify whether the funds/securities for the settlement of such trades actually belongs to the client for whom the trades were transacted.

After analyzing the documentary evidence, the Company will record its observations for such identified transactions or Client(s)/Group of Client(s).

In case adverse observations are recorded, the Company will report all such instances to the Exchange within 45 days of the alert generation. The Company may seek an extension of the time period from the Exchange, wherever required.

MONITORING AND REPORTING

- Receipt of Alerts from Exchanges / generated
- The time frame for disposition of alerts and if there is any delay in disposition, the reason for the same shall be documented.
- Suspicious / Manipulative activity identification and reporting process
- Record Maintenance
- A quarterly MIS shall be put up to the Board on the number of alerts pending at the beginning of the quarter, generated during the quarter, disposed off during the quarter and pending at the end of the quarter. Reasons for pendency shall be discussed and appropriate action will be taken. The Board shall be apprised of any exception noticed during the disposition of alerts.

Write-up on Internal Controls

INTERNAL CONTROLS: Internal controls are in place at all levels in the organization. The activity wise details are as under:

Registration of Clients: A KYC policy is already in place and the staff members are instructed to strictly adhere to the rules and regulations framed by various authorities from time to time. All the client registration forms are scrutinized at various levels before final registration of the client. Trading is allowed to the clients only after successful upload of "Unique Client Code".

Receiving, Validating & entering orders of the clients in the trading platform:

Orders are received on phone. The orders are placed in the trading platform and confirmed immediately on phone itself. Some preferred clients are also informed as and when their order gets executed.

Collection and Maintenance of Margins: We adhere to strict compliance in maintenance and collection of margins. Our RMS department keeps track of margin requirement of every client on continuous basis. Everyday the margin requirement as per Exchange Provided Information through various files like MG13 etc is matched with margin available in cash as well as collateral received from clients and in case of shortfall duly collected from the respective clients in time and reported accordingly.

Monitoring of branches/Authorised Persons/DP operations etc: Branches and sub brokers are kept under continuous surveillance through our RMS and Coordination Department. Regular branch visits and internal reviews are carried out to ensure smooth functioning and proper management of the branches. As regards operations at branch level, all the back office related activities have been centralized at the corporate office of the company. The operations at the branch level are restricted to trading and collection of payments only. All other activities are controlled from corporate office only. Feedback from all the branch managers is received on continuous basis to analyze the status of operations at the branch.

Continuity Planning / Alternate plan in case of disasters etc: The Company has a CTCL server located at Head office and another Back up CTCL server is also located at our Head office. If any server is down, users can be shifted to the other server. Back

up of the previous day is being restored to Back up CTCL server which is running live to reduce down time in case of hardware failure. Further the databases are backed up daily & stored at remote location.

Compliance: We are committed to comply with all the requirements issued by exchange and other market intermediaries from time to time. We have compliance department in place for continuous monitoring of various compliances. In the preceding paragraphs, we have elaborated the various internal controls put in place to ensure strict adherence to all the rules and regulations. Department wise allocation of various compliances is also done to ensure day-to-day compliances.

CPOLIECS AND PROCEDURES AS PER SEBI CIRCULAR NO MIRSD/SE/CIR-009 DATED 03-DEC-2009

1. Refusal of orders for penny stocks:

Stock broker is advising to the clients not to deal in penny securities and if client deals with the penny stocks, 100% margin will be taken from the client and these shares will not be taken to as Margin deposit. The stock broker shall have authority from time to time limit (quantity/ value) or refuse orders in one or more securities due to various reasons including market liquidity, value of security(ies) or may require compulsory settlement / advance payment of expected settlement value/ delivery of securities for settlement prior to acceptance / placement of order(s) as well, the order being for securities which are not in the permitted list of the stock broker / exchange(s) / SEBI or does not commensurate with the risk profile of the client as assessed by the broker. Decision of Broker will be binding on the client and will be final.

Stocks that appear in the list of illiquid securities issued by the Exchanges every Quarter are considered penny stocks. These stocks are generally considered to be highly speculative and high risk because of their lack of liquidity, large bid-ask spreads, small capitalization, and limited following and disclosure. Depending on the market condition and RMS policy of the company, Tradeswift reserves the right to refuse to allow trading and/or provide limits on penny stocks

Trading in newly listed shares and illiquid securities

Newly listed securities, illiquid securities and Trade-to-Trade securities which have high VaR margin are subject to high market risks and rate fluctuations. Illiquid securities and Trade-to-Trade securities will have a daily price range (DPR) whereby the chances that these shares can reach the upper DPR or Lower DPR during a trading day are higher than other securities. Hence, the dealing in these securities will be subject to permission from the surveillance department and will be subject to the available credit balance.

Policy for GSM Securities (Graded Surveillance Measure Securities)

In GSM securities the Company would be Blocking of the scrip under GSM from grade I – grade VI. Exchanges has vide their respective circulars have provided for guidelines on GSM security. The client can refer to the same in the case of the explanation required. Newly listed shares usually do not have a DPR and hence, the chances for rate fluctuations are higher. The dealing in newly listed shares will be restricted to the available credit balance after considering the Mark-to-Market (Mark-to-Market) levels.

2. Setting Up Client's Exposure Limits:

The client agrees to abide by the exposure limits, if any, set by the stock broker or by the Exchange or Clearing Corporation or SEBI from time to time. The client is aware and agrees that the stock broker may need to vary or reduce or impose new limits urgently on the basis of the stock broker's risk perception, risk profile of the client and other factors considered relevant by the stock broker including but not limited to limits on account of exchange/ SEBI directions/ limits (such as broker level/ market level limits in security specific / volume specific exposures etc.). The stock broker may be unable to inform the client of such variation, reduction or imposition in advance. The client agrees that the stock broker shall not be responsible for such variation, reduction or imposition or the client's inability to route any order through the stock broker's trading system on account of any such variation, reduction or imposition of limits. Sometimes client's sauda may go to IOC (Immediate or Cancel) instead of normal bidding if broker terminal is on square off mode. The Stock Broker at its sole discretion can give extra exposure or intraday limit to the client, such extra exposure will automatically be squared off by trading mechanism without any further reference to the client appx. 15 minutes before the scheduled closing.

3. Applicable Brokerage Rate:

a. For Cash Market Segment: The maximum brokerage chargeable in relation to trades effected in the securities admitted to dealings on the Capital Market segment of the Exchange shall be 2.5 % of the contract price exclusive of statutory levies. It is hereby further clarified that where the sale / purchase value of a share is Rs.10/- or less, a maximum brokerage of 25 paise per share may be collected.

b. For Future Contracts : Brokerage for Future contract would not exceed 2.5% of the contract price and exclusive of statutory levies. It is hereby further clarified that where the sale / purchase value of a share is Rs.10/- or less, a maximum brokerage of 25 paise per share may be collected

c. For Option contracts: Brokerage for option contracts would not exceed Rs.100/- per lot single side or such other rates as provided by the exchanges.

4. Imposition of penalty/delayed payment charges by either party, specifying the rate and the period (This must not result in funding by the broker in contravention of the applicable laws) :

Client shall be liable to penalty and other charges on nonpayment of margin money, short selling of securities or units, failure on payment of auction, cheque bounce, nondelivery of

shares, increase open position or on any orders / trades / deals / actions of the client which are contrary to this agreement / rules / regulations / bye laws of the exchange or any other law for the time being in force as per Rules, Regulations, Guidelines and Circulars issued by SEBI and stock exchange time to time and client will be kept informed about the rate of such penalties & fines. Similarly in case of non receipt of full payment of value of delivery purchased, margin imposed (initial + MTM) interest will be charged at 21% p.a. calculated on daily basis on shortfall amount till the date of actual realization of money. All fines/penalties and charges levied upon the Client due to its acts / deeds or transactions will be recovered by the Stock Broker directly from the client's account.

5. The right to sell clients' securities or close clients' positions, without giving notice to the client, on account of non-payment of client's dues (This shall be limited to the extent of settlement/margin obligation) :

1. If payment/securities towards the Margin or shortfall in Margin is not received instantaneously to enable restoration of sufficient Margin in the Client's account.

2. In case of benefit of margin will be given only after realization of instrument.

3. The client shall ensure timely availability of funds/securities in designated form and manner at designated time and in designated bank and depository account(s) at designated place, for meeting his/her/its pay in obligation of funds and securities. The stock broker shall not be responsible for any claim/loss/damage arising out of non-availability/short availability of funds/securities by the client in the designated account(s) of the stock broker for meeting the pay in obligation of either funds or securities.

If the client gives orders / trades in the anticipation of the required securities being available subsequently for pay in through anticipated payout from the exchange or through borrowings or any off market delivery(s) and if such anticipated availability does not materialize in actual availability of securities / funds for pay in for any reason whatsoever including but not limited to any delays / shortages at the exchange or stock broker level / non release of margin by the stock broker etc., the losses which may occur to the client as a consequence of such shortages in any manner such as on account of auctions / square off / closing outs etc., shall be solely to the account of the client and the client agrees not to hold the stock broker responsible for the same in any form or manner whatsoever.

4. The stock broker has the right but not the obligation, to cancel all pending orders and to sell/close/ liquidate all open positions/ securities / shares at the pre-defined square off time or when Mark to Market (M-T-M) percentage reaches or crosses stipulated margin percentage mentioned on the website, whichever is earlier. Similarly all transactions outstanding under limit by whatsoever name called may be closed out at specified time if not squared off by the client.

5. In case open position (Le. short/long) gets converted into delivery due to non square off because of any reason whatsoever, the client agrees to provide securities/funds to fulfill the payin obligation failing which the client will have to face auctions or internal close outs; in addition to this the client will have to pay penalties and charges levied by exchange in actual and losses, if any. In addition the above Specific instruction is to be provided by the client to Stock Broker for fulfilment of obligation (Funds and securities) for the trades executed in other than Normal / Rolling settlement.

6. Any reference in these terms to sale or transfer of securities by the Stock Broker shall be deemed to include sale of the securities which form part of the Margin maintained by the Client with the Stock Broker.

6. Shortages in obligations arising out of internal netting of trades

The policy and procedure for settlement of shortages in obligations arising out of internal netting of trades is as under:

a. The short delivering client is debited by an amount equivalent to 20% above of closing rate of day prior to Pay-in/Payout Day. The securities delivered short are purchased from market on T +2 day which is the Auction Day on Exchange, and the purchase consideration (inclusive of all statutory taxes & levies + 5 % extra) is debited to the short delivering seller client along with reversal entry of provisionally amount debited earlier.

b. If securities cannot be purchased from market due to any force majeure condition, the short delivering seller is debited at the closing rate on T +3 day or Auction day on Exchange +20%. Where the delivery is matched partially or fully at the Exchange Clearing, the delivery and debits/ credits shall be as per Exchange Debits and Credits after deducting exchange penalties.

c. In cases of securities having corporate actions all cases of short delivery of cum transactions which cannot be auctioned on cum basis or where the cum basis auction payout is after the book closure / record date, would be compulsory closed out at higher of 20% above the official closing price on the auction day or the highest traded price from first trading day of the settlement till the auction.

7. Conditions under which a client may not be allowed to take further position or the broker may close the existing position of a client.

The stock broker may refuse to execute / allow execution of orders due to but not limited to the reason of lack of margin / securities or the order being outside the limits set by stock broker / exchange/ SEBI and any other reasons which the stock broker may deem appropriate in the circumstances.

1. For non-payment or erosion of margins or other amounts, outstanding debts, etc. and adjust the proceeds of such liquidation / close out, if any, against the client's liabilities/ obligations.

2. Any order which is executed without the required Margin in the Client's account or the brokers exposure is more than 90% and above so no fresh trade will be taken.

3. The client hereby authorizes the Stock Broker to square up all his outstanding positions at the discretion of the Stock Broker, which are not marked for delivery 15 minutes before the closing time of the normal market or if the client's margin is evaporated by 90% in any of exchanges, reserves the right to square off positions.

4. Under certain market conditions, it may be difficult or impossible to liquidate a position in the market at a reasonable price or at all, when there are no outstanding orders either on the buy side or the sell side, or if trading is halted in a security due to any action on account of

unusual trading activity or stock hitting circuit filters or for any other reason as prescribed or instructed by SEBI.

5. The stock broker is entitled to disable / freeze the account or trading facility/ any other service if, in the opinion of the stock broker, the client has committed a crime, fraud or has acted in contradiction of this agreement or /evade / violate any laws, rules, regulations, directions of a lawful authority whether Indian or foreign or if the stock broker so apprehends. Any profit/loss arising out of these transactions shall be at the risk of and borne by the client.

6. TRADESWIFT does not engage in the business of Client Funding. Clients are required to have sufficient balance in their accounts to hold/carry forward positions.

Positions that do not have sufficient funds can be cut at any time at the discretion of our RMS desk. There will be no margin calls or intimation from our RMS desk.

Any open positions can be squared off at the discretion of our RMS desk If the funds available in your account are short of exchange specified margins. There will be no margin call before the position is squared off. During times of extreme volatility, the loss could be more than the funds available in your account before the position is squared off. All resulting charges or debts that might occur from such square offs will have to be borne by the client.

- Collateral margin will not be considered for equity delivery positions.
- AMO (After-Market Orders) will be allowed
- AMO will be canceled if the price entered is more than 3% away from the LTP in either direction.
- Fines levied by the exchange for a short margin will be payable by the client.
- Payments will only be accepted from the client's registered bank account, cash and DD payments are not accepted.
- At the start of the delivery intention period, clients will not be informed before closing any open positions to avoid compulsory delivery notice.
- Instruments available for trading at Tradeswift are subject to the discretion of the risk management team, and these may change from time to time
- In case your account is in debit balance and/or if you have insufficient funds to manage your trading positions, you will be charged an interest of 18% p.a (+GST) as delayed payment charges

Mark-to-Market Square-Off

Tradeswift may execute Mark-to-Market Square-off transactions at its discretion, mainly due to the following conditions, but not limited to the same.

At any given point in time, if the MTM level of the client breaches 80% of his available Cash margin, the risk team would square off the complete positions of the client with or without intimating the clients.

For the sake of better understanding, the square of the percentage of 70% or 80% is basically the threshold base limit and it should not be construed as exact 70% or 80% for square off. The position may get squared off at exact 70% or 80% or above the base threshold limit. Due to market extreme volatility, it may not be possible to monitor the square off limit from percentage (%) to percentage (%).

Also, in case the MTM square off is done, the residual fund if any will be blocked to trade till the client adds fresh funds to bring the overall MTM percentage sufficient below the threshold limit.

Further, the square-off will also be based on the extreme volatility in the market which may have a severe impact on the client and the company. The Company may or may not inform the client on the same in case of potential fluctuation. (SEBI guideline on closeout/square off)

All information mentioned here is subject to change at the discretion of our Risk management team.

Intraday and leverage products – restricting exposure and square-off and important points

1. Time based Intraday Square off – Daily – Starting from 15 minutes before close of normal trading session.
2. This includes all types of Intraday products i.e., Cover Order, Bracket Order and Stop Loss Orders
3. Every day system may stop allowing any further intraday order any time after 3.15 PM. System first removes all pending orders and then squares off all Intraday Orders. At the time of Intra day order square of trigger, all pending orders would be cancelled, and orders will be sent to exchange for square off. The orders sent to exchange will be executed on best effort basis.
4. This is irrespective of target reached / profit and loss position.
5. In case of any price movement > 75% of circuit limit, further exposure in intraday product will be blocked by the system for that security.

8. Policy for Blocking additional Margins towards Open positions:

Tradeswift may consider of blocking /retaining additional margins towards open positions in any segment of any exchange. Generally exchange communicates client wise margin requirement on regular intervals, and a client can deposit the margins by the way of funds or securities /commodities pledged by the way of margin pledge/re-pledge of depository system. Tradeswift may retain the securities submitted by the client by the above mentioned method as an additional margin and may not un-pledge the securities in excess to the margin requirement. Valuation of such securities shall be calculated by the closing rate of T-1 day after applying appropriate haircut viz. VaR margin rate applicable for the security in the Capital Market segment of NSE.

9. Temporarily suspending or closing a client's account at the client's request

Client may instruct the member to close out the account or suspend the trading through client's account for the period as specified in the request in written and duly signed by him. The stock broker can with hold the payouts of client and suspend his trading account due to his surveillance action or judicial or / and regulatory order/action requiring client suspension.

10. Deregistering a client

A client is at liberty to deregister himself / itself from the member. For that purpose client will be liable first to settle his account in full. In case of any shortfall or any dues or payment remaining after adjusting the margin account, the client will be liable to make payment of the same. And in case of surplus arising out after netting of account, client shall be entitled to receipt of the same. The member shall also have power to deregister the client after settling his account at its sole discretion.

11. Policy for Inactive (Dormant) client : If a client does not trade for a continues period of 12 months the member firm put an inactive /dormant flag against him, so that extra precautions can be taken while dealing with such client. All the assets lying with the member has to return to the particular client as per the client's instructions and authorization.

- **Re-activation of a Dormant account**

A Dormant account shall be re-activated only after undertaking the proper due-diligence process and fulfilling such conditions as may be deemed to by the authorized person of the organization. As a practice, on receipt of an instruction from the client of a dormant account, the authorized person has to appropriately verify the KYC of such clients as well as the authenticity of the instruction. The instruction is to be accepted only on the satisfaction of the above.

The above-stated policy may be modified at any time in accordance with the various rules, regulations, bye- laws, and guidelines that may be prescribed by SEBI, Exchange or any other competent authority or as per the internal policy of the organization from time to time. This policy for the dormant accounts is over and above the transaction monitoring in the dormant accounts as per the Anti-Money laundering policy of the organization

Section 1: Overview

1.1 Introduction and Background of AML

SEBI has issued necessary directives vide circulars from time to time, covering issues related to Know Your Client (KYC) norms, Anti-Money Laundering (AML), Client Due Diligence (CDD) and Combating Financing of Terrorism (CFT). The Prevention of Money Laundering Act, 2002 (PMLA) has been brought into force with effect from 1st July 2005 by the Department of Revenue, Ministry of Finance, and Government of India.

The Directives given by SEBI are intended for the use primarily by intermediaries registered under Section 12 of the SEBI act 1992. The overriding principle is that the intermediaries should be able to satisfy themselves that the measures taken by them are adequate, appropriate and abide by the spirit of such measures and the requirements as enshrined in the PMLA .The PMLA has been further amended vide notification dated March 06,2009 and inter-alia provides that violating the prohibitions on manipulative and deceptive devices, insider trading and substantial acquisition of securities or control as prescribed in Section 12 A read with Section 24 of the SEBI Act 1992 will now be treated as a scheduled offence under Schedule B of PMLA.

On July 04, 2018 a master circular no SEBI/HO/MIRSD/DOS3/CIR/P/2018 consolidating all the requirements/ instructions has been issued by SEBI which supersedes all the earlier circulars. As per the provisions of the Act, every banking company, financial institution (which includes chit fund company, a co-operative bank, a housing finance institution and a non-banking financial company) and intermediary (which includes a stock-broker, sub-broker, share transfer agent, banker to an issue, trustee to a trust deed, registrar to an issue, asset management company, depository participant, merchant banker, underwriter, portfolio manager, investment adviser and any other intermediary associated with securities market and registered under section 12 of the Securities and Exchange Board of India (SEBI) Act, 1992) shall have to adhere to client account opening procedure and maintain a record of all such transactions; the nature and value of which has been prescribed in the Rules notified under the PMLA. Such transactions include:

- a) All cash transactions of the value of more than Rs 10 lakhs or its equivalent in foreign currency.
- b) All series of cash transactions integrally connected to each other which have been valued below Rs 10 lakhs or its equivalent in foreign currency where such series of transactions take place within one calendar month and the aggregate value of such transactions exceeds rupees ten lakh;

- c) All suspicious transactions whether or not made in cash and including inter-alia credits or debits into from any non monetary account such as demat account, security account maintained by the registered intermediary.

It may, however, be clarified that for the purpose of suspicious transactions reporting, apart from ‘transactions integrally connected’, ‘transactions remotely connected or related ‘ shall also be considered

1.2 Policies and procedures to combat Money Laundering and Terrorist Financing

1.2.1 Obligation to establish policies and procedures:-

- a) Global measures taken to combat drug trafficking, terrorism and other organized and serious crimes have all emphasized the need for financial institutions, including securities market intermediaries, to establish internal procedures that effectively serve to prevent and impede money laundering and terrorist financing. The PMLA is in line with these measures and mandates that all intermediaries ensure the fulfillment of the aforementioned obligations.
- b) To be in compliance with these obligations, the senior management of a registered intermediary shall be fully committed to establishing appropriate policies and procedures for the prevention of ML and TF and ensuring their effectiveness and compliance with all relevant legal and regulatory requirements. The Registered Intermediaries shall :-
 - i) issue a statement of policies and procedures, where applicable, for dealing with ML and TF reflecting the current statutory and regulatory requirements;
 - ii) ensure that the content of these Directives are understood by all staff members ;
 - iii) regularly review the policies and procedure to ensure their effectiveness ;
 - iv) adopt client acceptance policies and procedures
 - v) undertake client due diligence (CDD) measures to an extent that is sensitive to the risk of ML and TF depending on the type of client , business relationship or transaction;
 - vi) have system in place for identifying , monitoring and reporting suspected ML or TF transactions to the law enforcement authorities
 - vii) develop staff members awareness and vigilance to guard against ML and TF;

1.2.2 Policies and procedures to combat ML shall cover:-

- a) Communication of company policies relating to prevention of ML and TF to all management and relevant staff;
- b) Client acceptance policy and client due diligence measures;
- c) Maintenance of records;
- d) Compliance with relevant statutory and regulatory requirements;
- e) Co-operation with the relevant law enforcement authorities including timely disclosure of information;
- f) Role of internal audit or compliance function to ensure compliance with

the policies, procedures and controls relating to the prevention of ML and TF. The Internal audit function shall be independent, adequately resourced and commensurate with the size of the business and operations, organization structure and number of clients and other such factors.

Section 2: Detailed Directives

2.1 Vision towards Anti Money Laundering

2.1.1 Tradeswift Broking Private Limited (TRADESWIFT) has resolved that it would, as an internal policy, take adequate measures to prevent money laundering and shall put in place a frame-work to report suspicious transactions to FIU as per the guidelines of PMLA Rules, 2002 and as prescribed by SEBI vide its Circular No. SEBI/HO/MIRSD/DOS3/CIR/P/2018/104 dated July 04, 2018.

2.1.2 TRADESWIFT does not deal in cash except in Depository division, where client makes payment of small amount for Annual maintenance of Depository account and other transaction charges; normally amount is Rs.500 or Rs.1000. Hence the requirement of maintaining record of cash transaction in excess of Rs.10 Lakh is ruled out.

2.1.3 For suspicious transactions whether or not made in cash, we observe the trading pattern of the client on difference criteria like quality of scrip, market participation, Income & Networth, funds received, trading behaviour etc.

2.1.4 Compliance department of TRADESWIFT review & update AML policy on time to time based on the circular issued by regulator in consultation with Principal Officer.

2.2 Client Due Diligence (CDD)

2.2.1 The CDD measures comprise the following:

- (a) Obtaining sufficient information in order to identify person who beneficially own or control the securities account. Whenever it is apparent that the securities acquired or maintained through an account are beneficially owned by a party other than the client, that party are identified using client identification and verification procedures. The beneficial owner is the natural person or persons who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted. It also incorporates those persons who exercise ultimate effective control over a legal person or arrangement.
- (b) Verify the client's identity using reliable, independent source documents, data or information;

- (c) Identify beneficial ownership and control, i.e. determine which individual(s) ultimately own(s) or control(s) the client and/or the person on whose behalf a transaction is being conducted-

For clients other than individuals or trusts: Where the client is a person other than an individual or trust, viz., company, partnership or unincorporated association/body of individuals, the intermediary shall identify the beneficial owners of the client and take reasonable measures to verify the identity of such persons, through the following information:

- aa) The identity of the natural person, who, whether acting alone or together, or through one or more juridical person, exercises control through ownership or who ultimately has a controlling ownership interest.

Explanation: Controlling ownership interest means ownership of/entitlement to:

- i. more than 25% of shares or capital or profits of the juridical person, where the juridical person is a company;
- ii. more than 15% of the capital or profits of the juridical person, where the juridical person is a partnership; or
- iii. more than 15% of the property or capital or profits of the juridical person, where the juridical person is an unincorporated association or body of individuals.

- bb) In cases where there exists doubt under clause (aa) above as to whether the person with the controlling ownership interest is the beneficial owner or where no natural person exerts control through ownership interests, the identity of the natural person exercising control over the juridical person through other means.

Explanation: Control through other means can be exercised through voting rights, agreement, arrangements or in any other manner.

- cc) Where no natural person is identified under clauses (aa) or (bb) above, the identity of the relevant natural person who holds the position of senior managing official.

- ii. **For client which is a trust:** Where the client is a trust, the intermediary shall identify the beneficial owners of the client and take reasonable measures to verify the identity of such persons, through the identity of the settler of the trust, the trustee, the protector, the beneficiaries with 15% or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership

- iii. **Exemption in case of listed companies:** Where the client or the owner of the controlling interest is a company listed on a stock exchange, or is a majority-owned subsidiary of such a company, it is not necessary to identify and verify the identity of any shareholder or beneficial owner of such companies.

- iv. **Applicability for foreign investors:** Intermediaries dealing with foreign investors' may be guided by the clarifications issued vide SEBI circulars [CIR/MIRSD/11/2012](#) dated September 5, 2012 and [CIR/ MIRSD/ 07/ 2013](#) dated

September 12, 2013, for the purpose of identification of beneficial ownership of the client.

v. The compliance of the aforementioned provision on identification of beneficial ownership shall be monitored by Board of Directors of TRADESWIFT.

(d) Verify the identity of the beneficial owner of the client and/or the person on whose behalf a transaction is being conducted, corroborating the information provided in relation to (c)

(e) Understand the ownership and control structure of the client;

(f) Conduct ongoing due diligence and scrutiny, i.e. Perform ongoing scrutiny of the transactions and account throughout the course of the business relationship to ensure that the transactions being conducted are consistent with the Tradeswift Broking Private Limited's knowledge of the client, its business and risk profile, taking into account, where necessary, the client's source of funds; and

(g) TRADESWIFT shall periodically update all documents, data or information of all clients and beneficial owners collected under the CDD process.

2.2.2 Procedure for acceptance of a new customer

The department responsible for registration of new clients for the Company shall be required to ensure due compliance of following procedure before providing trading client code to a new constituent:

That all of the clients duly complete the formalities relating to client registration as provided in KYC norms, as in force from time to time. The person in charge of client registration department must also keep track of additional requirements prescribed by regulators e.g. RBI & SEBI from time to time in this regard and ensure compliance thereof.

That sufficient documentary evidence is collected from the proposed constituent which establishes Identity and address of such constituent beyond any reasonable doubt.

That all the copies of supporting documents are matched with the originals.

That a copy of PAN is taken from each constituent, which has been verified with the original and cross checked with the data available on Income-tax Website. In case of any mismatch, the account must not be opened.

That the signature of constituent on Client Registration Form are matched with the signature given on the PAN Card or any other proof as may be submitted by the constituent and in case of any mismatch the account is opened only if the explanation for such mismatch is found to be reasonable on the basis of further documents e.g. Banker's Signature Verification, as may be submitted by the constituent.

In a nutshell, the following safeguards are to be followed while accepting the clients:

a) No account is opened in a fictitious / benami name or on an anonymous basis.

b) Factors of risk perception (in terms of monitoring suspicious transactions) of the client are clearly defined having regard to clients' location (registered office address, correspondence addresses and other addresses if applicable), nature of business activity, trading turnover etc. and manner of making payment for transactions undertaken. The parameters shall enable classification of clients into low, medium and high risk. Clients of special category may, if necessary, be classified even higher. Such clients require higher degree of due diligence and regular update of Know Your Client (KYC) profile.

c) Documentation requirements and other information to be collected in respect of different classes of clients depending on the perceived risk and having regard to the requirements of Rule 9 of the PML Rules, Directives and Circulars issued by SEBI from time to time.

d) Ensure that an account is not opened where we are unable to apply appropriate CDD measures / KYC policies. This shall be applicable in cases where it is not possible to ascertain the identity of the client, or the information provided to us is suspected to be non genuine, or there is perceived non co-operation of the client in providing full and complete information. We shall not continue to do business with such a person and file a suspicious activity report. It shall also evaluate whether there is suspicious trading in determining whether to freeze or close the account. We shall be cautious to ensure that it does not return securities of money that may be from suspicious trades. However, the market intermediary shall consult the relevant authorities in determining what action it shall take when it suspects suspicious trading.

e) The circumstances under which the client is permitted to act on behalf of another person/ entity shall be clearly laid down. It shall be specified in what manner the account shall be operated, transaction limits for the operation, additional authority required for transactions exceeding a specified quantity/value and other appropriate details. Further the rights and responsibilities of both the persons i.e. the agent- client registered with the intermediary, as well as the person on whose behalf the agent is acting shall be clearly laid down. Adequate verification of a person's authority to act on behalf of the client shall also be carried out.

f) Necessary checks and balance to be put into place before opening an account so as to ensure that the identity of the client does not match with any person having known criminal background or is not banned in any other manner, whether in terms of criminal or civil proceedings by any enforcement agency worldwide.

(g) The CDD process shall necessarily be revisited when there are suspicions of money laundering or financing of terrorism (ML/FT).

(h) Reliance on third party for carrying out Client Due Diligence (CDD) We may rely on a third party for the purpose of

(a) Identification and verification of the identity of a client and

(b) Determination of whether the client is acting on behalf of a beneficial owner, identification of the beneficial owner and verification of the identity of the beneficial owner. Such third party shall be regulated, supervised or monitored for, and have measures in place for compliance with CDD and record-keeping requirements in line with the obligations under the PML Act.

ii. Such reliance shall be subject to the conditions that are specified in Rule 9 (2) of the PML Rules and shall be in accordance with the regulations and circulars/ guidelines issued by SEBI from time to time. Further, it is clarified that the registered intermediary shall be ultimately responsible for CDD and undertaking enhanced due diligence measures, as applicable.

Client Due Diligence

Review of list of existing clients to ensure compliance of PMLA Guidelines

The department responsible for registration of new clients for the Company shall be required to ensure the following with respect all of the existing constituents of the company:

That the KYC details of all the existing active clients are reviewed in context to the PMLA 2002 requirements (as mentioned in Para 4 above).

That all the clients are classified into high, medium or low risk categories based on KYC details, trading activity etc for closer monitoring of high risk categories etc.

That annual financial statements are obtained from all the clients, particularly those in high risk categories; and

That in case of non individuals, additional information is obtained about the directors, partners, dominant promoters, major shareholders.

Non face to face clients

Clients with dubious reputation as per public information available etc.

Risk based approach

The department responsible for Surveillance and Risk Management shall duly ensure that the testing techniques being employed by it to judge the fairness and risk-element contained in clients transactions are commensurate with the category to which that particular client pertains. The level of checking required for verifying clients' transactions in High Risk Category has to be much more stringent than that required for clients falling in other categories.

The department shall carry out risk assessment to identify, assess and take effective measures to mitigate its money laundering and terrorist financing risk with respect to its clients, countries or geographical areas, nature and volume of transactions, payment methods used by clients, etc. The risk assessment will be on the basis of country specific information that is circulated by the Government of India and SEBI from time to time, as well as, the updated list of individuals and entities who are subjected to sanction measures as required under the various United Nations' Security Council Resolutions

The department shall check the updated list regularly on the following websites. http://www.un.org/sc/committees/1267/aq_sanctions_list.shtml and <http://www.un.org/sc/committees/1988/list.shtml>).

On-going training to Employees

The Principal Officer of the Company shall ensure that the contents of this policy guidelines are explained to all the concerned staff members of respective departments (including staff working under branches and sub-brokers), whose responsibilities have been spelled out in this policy documents. For the purpose, a copy of this document may be supplied to all concerned under acknowledgement from each of them. The Principal Officer must also apply such tests e.g. cross questioning from respective

officials, to ensure himself/herself that the staff members have actually understood the meaning and intent of this document.

Likewise any amendment in PMLA Guidelines, if any, must be brought to the notice of all concerned without any delay.

Further, the personnel department shall ensure that contents of this documents (including amendments, if any) are explained in detail to all of those concerned officials, who shall made responsible for compliance of this document or who shall be joining this organisation, herein after.

Audit/testing of Anti Money Laundering Program.

The Internal Audit Team (which must not include Principal Officer as a part of it) of the Company shall apply suitable measures to ensure the reasonableness and effectiveness of internal guidelines as spelled out in this document, at such intervals as he/she may find reasonable, not being a period of more than six months. The audit procedures must be suitable enough to highlight such discrepancies in these guidelines / implementation of these guidelines, which may lead to non-compliance of provisions as contained in PMLA and/or rules and regulations framed there under.

The internal audit team shall place their report before the Board of Directors of the company at the meeting to be held immediately after completion of respective audit program, for perusal and necessary action at the end of Directors.

Retention of Records

All necessary records on transactions, both domestic and international, shall be maintained at least for the minimum period prescribed under the relevant Act (PMLA,2002 as well SEBI Act, 1992) and other legislations, Regulations or exchange bye-laws or circulars.

Records on customer identification (e.g. copies or records of official identification documents like passports, identity cards, driving licenses or similar documents), account files and business correspondence shall also be kept for the same period.

Hiring of Employees

To maintain adequate screening procedures in place to ensure high standards when hiring employees. They shall identify the key positions within their own organization structures having regard to the risk of money laundering and terrorist financing and the size of their business and ensure the employees taking up such key positions are suitable and competent to perform their duties.

Investor Education

Implementation of AML/CFT measures requires us to demand certain information from investors which may be of personal nature or has hitherto never been called for. Such information can include documents evidencing source of funds/income tax returns/bank records etc. This can sometimes lead to raising of questions by the client with regard to the motive and purpose of collecting such information. There is, therefore, a need for us to sensitize their clients about these requirements as the ones emanating from AML and CFT framework. We shall prepare specific literature/pamphlets etc. so as to educate the client of the objectives of the AML/CFT program.

List of Designated Individuals/Entities

We shall ensure that accounts are not opened in the name of anyone whose name appears in the list. Registered intermediaries shall continuously scan all existing accounts to ensure that no account is held by or linked to any of the entities or individuals included in the list of individuals and entities which are subject to various sanction measures such as freezing of assets/accounts, denial of financial services etc., as approved by the Security Council Committee established pursuant to various United Nations' Security Council Resolutions available at <http://www.un.org/sc/committees/1267/consolist.shtml>.

Full details of accounts bearing resemblance with any of the individuals/entities in the list shall immediately intimated to SEBI and FIU-IND.

Procedure for freezing of funds, financial assets or economic resources or related services

Section 51A, of the Unlawful Activities (Prevention) Act, 1967 (UAPA), relating to the purpose of prevention of, and for coping with terrorist activities was brought into effect through UAPA Amendment Act, 2008. In this regard, the Central Government has issued an Order dated August 27, 2009 detailing the procedure for the implementation of Section 51A of the UAPA.

Under the aforementioned Section, the Central Government is empowered to freeze, seize or attach funds and other financial assets or economic resources held by, on behalf of, or at the direction of the individuals or entities listed in the Schedule to the Order, or any other person engaged in or suspected to be engaged in terrorism. The Government is also further empowered to prohibit any individual or entity from making any funds, financial assets or economic resources or related services available for the benefit of the individuals or entities listed in the Schedule to the Order or any other person engaged in or suspected to be engaged in terrorism. The obligations to be

followed to ensure the effective and expeditious implementation of said Order has been issued vide SEBI Circular ref. no: ISD/AML/CIR-2/2009 dated October 23, 2009, which needs to be complied with scrupulously.

INFORMATION SECURITY

TRADESWIFT BROKING PVT LTD systems are hosted at the 4th Floor, Baid House, 1-Tara Nagar, Ajmer Road, Jaipur-302006

At present we have a Production server and Backup server in place and both were synced together to get the data updated in the backup server on real-time. Also, the data is backed up through storage folder in a secure way, one copy of the backup on the same server itself, other copy in backup server & external media devices. Even we will take the backup of the SQL database on a daily basis and store it securely.

In the case of primary server failure then alternate communication will be carried from the secondary server and will continue the trading platform.

RECOVERY PROCEDURES

Network failure: Our systems are hosted at the Baid house, 1-Tara Nagar, Ajmer Road, Jaipur-302006 with state of the art redundancy measures.

Every day we are taking a backup of database one copy in a database server itself and other copies are stored in backup server and external media device also for the need for restoration on need basis.

The Database is restored from these copies on failure.

If there is a problem with the database when we can restore the database from the backup node to the server immediately and even if that backup system has a problem we can restore the data from the external device.

System / hard disk failure: To avoid single points of failure we plan to run parallel servers which are running simultaneously thus adding redundancy, so that customer can be provided service with limited downtime delay.
